General Purpose Dust Remover

- Cleans dust & grit from keyboards, optics, machinery & circuitry
- Nonflammable
- High-pressure
- High-purity, leaves no residue
- Multiple package sizes available
- Highly economical

**Product Information**

General Purpose Dust Remover is a high purity electronics-grade cleaner that delivers a dry blast of inert gas to hard to reach surfaces. Use to remove dust, particles, and moisture from any surface. Clean hard-to-reach areas like keyboards or pin connectors. Use to quickly pre-clean surfaces by removing layers of loose grime and dust before using a solvent cleaner. Also, use to remove slow-drying solvents from under surface mount components or on circuit boards, connectors or optics. There are literally hundreds of uses. Available in a variety of sizes and spray velocities to fit any cleaning need. The trigger spray allows easy single-handed operation. Plastic-safe, nonflammable and leaves no residue.

**Technical Details and Cleaning Data**

- **Chemical Family**: HFO or HFC
- **Evaporation Rate**: Instant
- **Moisture Content**: <10 ppm
- **Odor**: Slight, Ether
- **Vapor Pressure at 20°C**: 38 PSIA

**Health, Safety and Environmental Data**

- **Flammable**: No
- **Flashpoint**: None
- **Organic Content (g/L)**: 0
- **NFPA Health**: 1  Fire: 3  Instability: 1
- **RoHS and WEEE Compliant**: Yes
- **Toxicity Rating (ppm, 8hr. TWA, TLV)**: 1000
- **GHS / HCS Pictogram**: No Pictogram Required, USA Compressed Gas, See SDS

**TriggerGrip™ Compatible**: No

**Aerosol Packaging**: 12 cans / box

**Shelf Life**: Unlimited

**Recycle**: Product Contents

*MC-DST = NSN 6850-01-483-4104
